

FEAR PLOT AGAINST KING GEORGE

AMERICAN NOTE CAUSES FLURRY AT LEAGUE MEET

Protest Against Favours
Shown To British Inter-
ests Read.

PREVENT DEBATE

England and France Will
attempt To Bury
Subject.

Geneva, Nov. 29.—The big allied powers today clinched their hold up on the country for which they hold mandates when the council of the league of nations voted for a permanent mandate commission, which will have wide authority.

There will be nine members on the mandatory commission and all will be selected by the council. The commission will regulate all affairs relating to mandates and will decide questions such as that involved in the monopoly in Mesopotamia for which country Great Britain holds a mandate.

Geneva, Nov. 29.—The American note to Great Britain protesting against favours shown to British oil interests in Mesopotamia for which country Britain holds a mandate was a bombshell for the League of Nations assembly meeting. It was briefly discussed this morning at a secret session of the league of nations council and promises to furnish material for vigorous debate later on in open sessions of the assembly.

America's note involves not only the oil controversy but the whole question of the rights of a mandatory power to exercise special privileges in the country for which it holds a mandate. Furthermore it States, a non member of the league involves the right of the United States a non member of the league to interfere in decisions of the league interpreting war treaties.

On account of the delicacy of the diplomatic negotiations it was regarded as possible that Great Britain and France might take steps to prevent open debate upon the American note fearing that representatives of small states and non mandatory nations might say things which would further retard the entrance of America into the league.

Lord Robert Cecil representative of South Africa, contends that any power taking a mandate for a small and feeble state should have special privileges in disposing of the resource of that state in view of the cost of exercising this mandate. Lord Robert Cecil is supported by Senator Millen, minister of reparations for Australia and one of the most powerful members of the assembly.

"What right has America to attempt to tell us what we should do?" declared Senator Millen. "The United States failed to enter the league of nations. She dodged all responsibility. But now she claims privileges. When we think of what Australians pay for oil it is amusing to hear American oil magnates pleading for privileges on ethical grounds."

TUMULTY OFFERED NEW POST, BUT IS STILL UNDECIDED

Appointment To Customs
Court Of Appeals Not
Yet Accepted.

Washington, Nov. 29.—Joseph P. Tumulty, secretary to the president, has been offered by Mr. Wilson an appointment to the customs court of appeals, but has reached no decision in regard to its acceptance. This was disclosed last night in a statement issued by Mr. Tumulty, prompted by various published reports as to what he planned to do when his duties at the White House cease next March.

The statement also took notice of reports that Mr. Tumulty planned to enter a law partnership here with former Representative T. T. Ansberry of Ohio.

"I have made no definite plans for the future and have not under consideration a law partnership of any kind," Mr. Tumulty said.

"It is true that the president has generously offered to me the judicial post made vacant by the death of Chief Justice Montgomery of the customs court of appeals. I have this matter now under consideration, but have reached no decision regarding it."

DELA HUERTA PLANS TRIP TO U. S. SOON

Mexico City, Nov. 29.—Provisional President Adolfo de La Huerta, who will relinquish his office to Gen. Alvaro Obregon tomorrow night, plans a trip to the United States unless his entrance into the cabinet of President-elect Obregon interferes with his plans.

DROP IN PRICE OF MEAT NEAR PRE-WAR MARK

Retailers at Chicago Predict "Normalcy" Soon To Be Here

PORK REACHES 22-CENTS.

Eggs and Oranges Alone
Maintain High Prices
Of Formerly.

Chicago, Nov. 29.—Chicago, the meat center of the world, started the business week today with meat prices nearer the pre-war levels than they ever have been before. Declarations that the "bottom has fallen out" and that the period of "normalcy" will be reached very shortly are freely made by leading retailers.

Pork heads the list with a decline in price during the past few days that is little short of sensational. Loin pork that sold a month ago at 3 8/10 cents a pound can be bought today for from 22 to 27 cents a pound. Pre-war prices for this meat were from 15 to 19 cents.

Record Decline.

Crass fattened beef has recorded a decline of approximately 35 per cent, dealers declare. Corn fattened beef has not shown any marked decline as yet, but with the drop in the price of corn, more of this grain is being fed to stock and increased offerings on the market are expected to bring corn fattened beef to the price level of other meats within the next few weeks.

Other commodities that have shown a sharp decline here recently are butter, which has dropped 8 cents per pound in the last week; sugar, which has declined from 31 cents a pound last spring to 10 cents a pound; potatoes, which were 10 cents a pound a year ago, and have dropped to 3 1/2 cents a pound now; coffee, flours, milk, bread, canned goods and apples.

Eggs and oranges continue to be the aristocrats of the family table. Prices of these edibles continue to lurk near the peak reached during the war.

THUGS ARE TAUGHT ART OF STEALING AUTOS AT SCHOOL

Grand Jury To Probe Report That Young Boys Implicated.

Cleveland, Nov. 29.—A grand jury investigation into activities of automobile thieves' schools where young criminals are taught how to steal cars, will be opened here this week. Joseph Dembe, assistant county prosecutor, announced.

The prosecutor's office has evidence that members of a school located in a downtown garage have been stealing from 10 to 15 cars daily. Subpoenas will be issued this week for persons who have knowledge of the school and its workings, Dembe said.

Fred H. Caley, secretary of the Cleveland Automobile Club, told the grand jury last week that his club and the Cleveland Automobile Manufacturers and Dealers Association had spent \$8,000 in obtaining evidence of automobile stealing rings here, it became known. Secretary Caley said the investigation had been carried on for several weeks by private detectives brought here from New York.

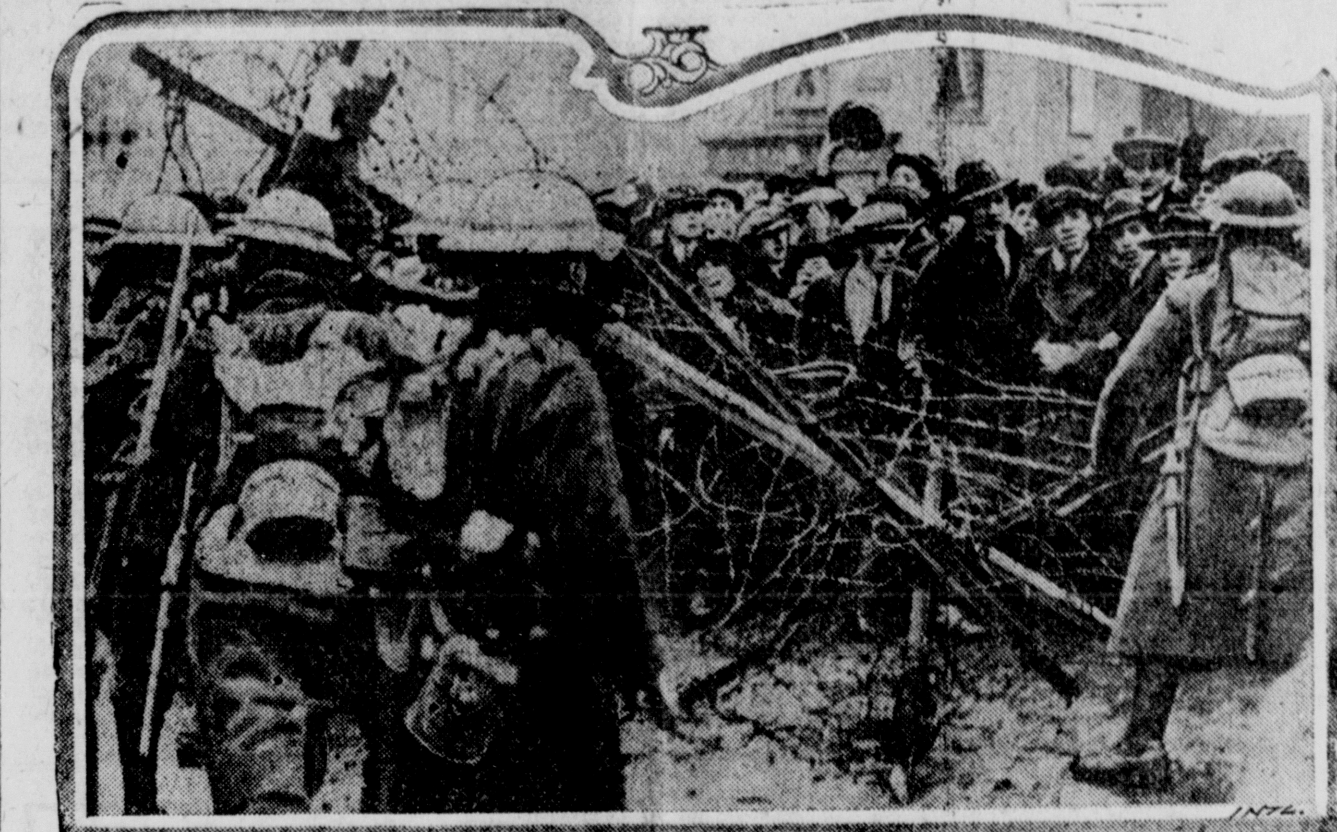

More than 100 youths are said to be members of the gangs, each of which works independent of the others.

Three and one-half million dollars worth of automobiles have been stolen in this city in three years, Caley said. During this year alone, he said 1,894 cars have been stolen.

DUBLIN UNDER GUARD FOLLOWING RIOTS

Following the disorders in Dublin in which many people lost their lives, the military have

surrounded the city and established "dead lines," with barbed wire entanglements. Back of the entanglements lay British soldiers

with machine guns, and other arms ready for instant use. The photograph shows a frenzied crowd taunting the guards.

PASSENGERS ESCAPE DEATH NARROWLY IN CAR ACCIDENT

Youngstown Suburban Car
Jumps Track On Bridge
Over River.

Youngstown, O., Nov. 29.—Eighty passengers on a Youngstown and Suburban car bound for Southern Park had a narrow escape from horrible death when the rear trucks of the car jumped the track on South Avenue bridge at 11 p. m., last night. The rear of the car crashed through two heavy guard railings and swung over Mahoning river 75 feet below and remained balanced in mid air on the edge of the bridge. Had it gone a foot farther it would have tumbled into the water. The trucks dropped into the river. Many windows were broken by the crash and four passengers suffered severe cuts by flying glass.

Traffic on the road was badly delayed. The officials of the road are conducting an investigation into the cause of the accident.

TURKEY IS 'IRELAND OF ORIENT' DECLARES NOTORIOUS LEADER

"Butcher Of Armenia" Says
Nation Will Die For
Freedom.

Berlin, Nov. 29.—"Turkey is the Ireland of the Orient. Like the Irish, the Turks either will be free men and women or they will die fighting for the freedom and independence of their country, and the right to govern themselves."

This statement was made here today by Enver Pasha, who is known as "the Butcher of Armenia."

VALUE OF OHIO FARM CROPS DECLINE \$175,000,000 SINCE LAST YEAR ESTIMATED

Various Reasons Given For Drop In Crops and Live
Stock—Big Hole In Incomes Of Ohio
Farmers Is Made.

Columbus, Nov. 29.—The rapid decline in the value of farm crops and livestock is making a big hole in the incomes of Ohio farmers.

The value of the Ohio crops this year, based on present prices, scarcely reached \$335,000,000. This is a decline of about \$175,000,000 within the past year. The value of last year's crop based on prices prevalent on Dec. 1, 1919, which were rather typical of the prices which prevailed throughout the year, is estimated at \$510,000,000.

The declining prices caused a loss of nearly \$90,000,000 to Ohio corn raisers. This year's corn crop is as large as last year's. Corn is now selling around 66 cents a bushel. A year ago, it sold for \$1.21.

The greatest direct loss has occurred to farmers raising wheat, not so much because of the decline in prices, for, at least, 50 percent of this year's crop reached market while the price was \$2 or better, but because of the failure of the crop in many sections.

BRITAIN TO REFUSE FORMAL EMBARGO ON KING'S RETURN

London, Nov. 29.—Earl Curzon, the British foreign secretary, has notified Premier Leagues of France that Great Britain will refuse to put any formal embargo upon the return to Athens of ex-King Constantine, of Greece, the diplomatic correspondent of the Daily Telegraph revealed today.

NEW WARSHIP WILL BE NAVY'S LARGEST UPON COMPLETION

Keel Of Massachusetts Will
Be Laid After Jan-
uary 1st.

Quincy, Mass., Nov. 29.—The keel of the superdreadnought Massachusetts will be laid soon after New Year's Day, it was announced last night at the Fore River plant of the Bethlehem Shipbuilding corporation, Ltd.

The Massachusetts will be larger than any vessel now in the United States navy. She will be 660 feet length over all and 106 feet beam, and her displacement will be 43,200 tons. She will be driven by electricity, with engines of 60,000 horsepower and her speed is to be 23 knots. The armament will comprise 12 16-inch guns and a secondary battery of 16 6-inch guns.

The keel of the Lexington, a battle cruiser, will be laid soon after that of the Massachusetts. She will have nearly the same beam but her length over all is to be 880 feet and displacement 43,500 tons. The Lexington's engines of 180,000 horsepower will yield a speed of 35 knots under electric drive. She will mount eight 16-inch guns, and 16 6-inch guns, and also will have eight torpedo tubes.

Two unnamed scout cruisers with 90,000 horse power engines and a speed of 35 knots an hour will be built at the Fore River plant during the coming year. The plant now is working on naval construction that will total approximately \$75,000,000.

SEVERE EARTHQUAKE ROCKS POINTS ALONG PACIFIC NORTHWEST

Portland, Ore., Nov. 29.—The extent of yesterday morning's earthquake said to have been the most severe ever felt in the Pacific northwest, grows with reports coming in this morning from points as far east as Spokane and Northern Idaho.

Portland was in the path of the tremor but apparently was reached only by outer waves of the earth disturbance as the quake was comparatively slight here. Spokane endured a thirty second tremor, while Seattle felt the series of shocks that grew in violence. No serious damage has been reported.

But the principal source of income for the Ohio farmer is livestock and livestock products. It is estimated that over 60 percent of the total farm sales consist of livestock, or livestock products, including poultry and wool.

"To determine the real effect of declining prices on the farm income it is necessary to turn to the livestock and dairy markets," explained W. F. Callender, chief of the fed-

APPEALS SENT LAWMAKERS FOR FINANCIAL AID

Congress Urged To Pass
Remedial Legislation
By Interests.

LITTLE LIKELIHOOD

Republican Leaders Will
Consult Harding Before
Fixing Program.

Washington, Nov. 29.—Although congress does not reconvene until one week from today, its leaders, now reassembled here, are being bombarded with demands for early remedial legislation by agricultural and business interests.

Representatives of those interests have been informed by Republican and Democratic leaders alike that there is little likelihood of congress finding time during the next three months to do much more than pass appropriation bills.

Until they have consulted with President-elect Harding upon his return from Panama the republican leaders will not attempt, however, to complete their program for the approaching short session they said.

A number of Republican senators are planning to introduce bills after congress opens which they state are urgently required by the country's agricultural interests.

Will Support Bill.

Several senators from the middle-west declare they intend to support the Kenyon-Kendrick bill for regulation of the packers. This measure, a "hold over" from the last session, is on the senate calendar as "unfinished business" and will therefore have the right of way when the senate begins consideration of impending legislation.

Senator Kenyon of Iowa, one of its authors, declares he intends to press it to a vote despite the opposition he anticipates it will encounter.

Unless the treasury department asks to revive the war finance corporation to facilitate movements of the country's crops, and to relieve the financial situation about which farmers are complaining, Senator Calder, Republican of New York, will introduce a resolution calling upon it to do so, he said.

Senator Canoe, Republican of Kansas, who stated he will support the Kenyon-Kendrick bill has prepared a bill to "stop rambling in bread and other essential food supplies," he has announced.

HARDING PARTY NOW ON WAY HOME FROM THE PANAMA ZONE

President-elect Expresses
Satisfaction Over Can-
cel Zone.

Aboard the S. S. Pastores with President-elect Harding, Nov. 29.—The Pastores, carrying President-elect Harding and his party, bound for Jamaica, was 200 miles out in the Caribbean sea early today, having left Colon at 4 o'clock yesterday.

In leaving the Panama Canal zone Senator Harding expressed great satisfaction with his visit. He said he felt considerably rested.

Mr. Harding expressed himself impressed with the commercial possibilities of the canal zone.

Without making a formal statement regarding the rumored differences among the people of Panama concerning the administration of the zone, the senator gave assurances before leaving that he will do all that is possible to promote friendliness and co-operation when he is president of the United States.

INCENDIARISM AT LIVERPOOL IS DISASTROUS

Military and Police Pre-
cautions Taken In
England.

DAMAGE ENORMOUS

Sinn Fein Responsible For
Wave Of Terror It Is
Alleged.

Liverpool, Eng., Nov. 29.—Six arrests had been made up to noon today in connection with the outbreak of incendiarism.

Cork, Nov. 29.—The general workers and transport union building was bombed early today and subsequently destroyed by fire.

London, Nov. 29.—Police precautions were taken today to guard King George and other members of the royal family, now that Irish terrorists have opened their warfare in England with the burning of part of the business district of Liverpool.

Scotland Yard detailed a detachment of picked men from the secret service section to protect Buckingham palace. In addition to the police and military guards secret service agents are employed as gardeners in the palace grounds and cleaners in the palace proper. All persons approaching the home of the royal family are carefully scrutinized.

Government officials refused to admit that they had discovered a plot against the lives of the royal family, but declared they were taking no chances.

Scotland and has asked the newspapers to make no mention of the public movements of Premier Lloyd George, A. Bonar Law, Sir Hamar Greenwood, Sir Edward Carson and other public figures who are believed to have been marked for attack.

London, Nov. 29.—Military and police precautions were taken throughout all England today to protect public and private property following the outbreak of incendiarism at Liverpool when fifteen cotton warehouses and three lumber yards were burned.

Troops are on guard at Liverpool and the city is quiet. Although several arrests were made the men who actually set the fires are believed to have escaped and to be hiding in this city.

The government claims to have evidence that Sinn Fein terrorists are responsible for the Liverpool fires and similar attacks with the torch are planned in London and elsewhere throughout England.

An attempt to set fire to a lumber yard in North London was frustrated by the police.

A policeman was shot dead at Liverpool while attempting to arrest a suspected incendiary. Parliament building in London, the premier's official residence and most of the other government properties as well as most of the members of the cabinet are protected by armed guards.

This was the first week-end since the Irish disorders became acute that violence occurred simultaneously in Ireland and England.

Wholesale Arrests.

Wholesale arrests by British troops and black and tan police continue throughout Ireland. Approximately 1,000 arrests have been made in the past eight days and it is believed that 10,000 arrests will have been made before Christmas. New prisons and internment camps are being constructed to accommodate the captives.

All of the military chiefs of the Sinn Fein army and the prominent civilian leaders are being arrested.

British army officers at Londonderry have been warned to leave the city on penalty of death at the hands of the Irish republicans if they refuse, according to a dispatch from that city to the Evening News.

It is reported in Londonderry, says the Evening News correspondent that "Irish-American gunmen" have arrived from the United States.

A policeman was shot dead and a police sergeant was wounded in an attack at Castle Martyr.

Reprisal attacks broke out at Mullinger and Black and Tan policemen were reported to have bombed the town. A fifteen year old boy was killed.

Two persons were shot at Thurles. Looting broke out at Cork during an other flare up of incendiarism. Soldiers dispersed the looters.

MARTIN LANGAN, SR., DIES ON SUNDAY

Martin Langan, Sr., for more than fifty years a resident of Xenia, died at his home 388 South Miami Avenue at 6:55 o'clock Sunday morning. He had been ill for several months, suffering from complications of kidney and bladder trouble, and had been bed fast for the last three weeks.

Mr. Langan was born in County Mayo, Ireland, November 5, 1833, and was 87 years of age at the time of his death. At the age of 21 he came to this country, first locating in Pennsylvania. It was while in this state that he enlisted with the Union forces at the outbreak of the Civil War, and served all during that conflict as a member of Battery H, Independent, Pennsylvania Volunteer Light Artillery.

Coming to this city more than 50 years ago, Mr. Langan met and married Mrs. Patrick Heavern, who survives him with the following children: Thomas, Martin Jr., Dennis and Miss Katherine Langan. Miss Mary Heavern and John Heavern, all of this city and two grandchildren, Mary and Thomas Langan, who have lived with their grandparents since the death of their mother, 12 years ago. Mr. Langan was a member of St. Brigid's Church, where funeral services will be held Tuesday morning, at 8:30 o'clock. Preceding the church services, Lewis Post, G. A. R., will conduct the military ritual at the home at seven o'clock. Interment will be made in the Catholic Cemetery.

STILL WITH FOLLIES BUT WILL RETIRE

Cleveland, O., Nov. 29. — Miss Jessie Reid, that was, Mrs. Daniel A. Caswell Jr., now is at the Statler hotel today with her husband. She will appear in her usual role as a member of the cast of Zeigfeld follies but when her contract expires she will retire and be plain — well maybe not that — Mrs. Caswell.

Married life for a star in the great musical production is just one newspaper reporter after another, Mrs. Caswell says.

EVANS THREW HIS CRUTCHES AWAY

Rheumatism And Other Troubles Overcome By Tanlac — Nothing Else Ever Helped Him.

"I had one of the worst cases of rheumatism a man ever had, but after six bottles of Tanlac I threw my crutches away," said Thomas Evans, 119 West Chestnut Street, Akron, Ohio.

"My feet were so swollen at times with rheumatism that I could not get my shoes on," he continued, "and frequently my knee became so swollen that I could not get my clothes on. I finally became so helpless that I could not work regularly."

"My stomach was also in bad condition, and I couldn't eat or sleep to do any good. I took all kinds of medicines, but my troubles stayed right with me. A stranger saw me on the street, limping one day and asked me what the trouble was. I told him rheumatism and he said 'I was in the same fix myself until he started taking Tanlac.'"

"He seemed so positive that Tanlac would help me that I began taking the medicine. The first bottle didn't seem to do me any good, but I stuck to it and the second bottle began to straighten me out and by the time I had finished the third bottle I was actually back at work again and haven't lost a day since."

"I've taken six bottles now and I feel as well as I ever did in my life. I haven't a sign of rheumatism about me and feel so strong and well that I am able to do as much work as I ever did in my life. My stomach is also in perfect condition and I can eat anything I want without any bad after effects."

"I really feel like a brand new man and I hope some day to meet that stranger who advised me to take Tanlac so I can thank him for the advice he gave me."

With The Women of Today

Mrs. W. S. Marshall and Mrs. John R. Drake, photographed on liner Carmania.

Two American women who have been working abroad to save babies recently returned home with tales of the good which American money is doing and with several decorations. The two women are Mrs. W. S. Marshall and Mrs. John R. Drake of New York City. These women toured a year ago for the American free milk and relief for Italy. They were given an enthusiastic reception by the people of

nunzio and was granted a thirty-five minute interview with the pope. The milk stations which were organized throughout Italy saved the lives of thousands of Italian children during the past two years. Mrs. Drake and Mrs. Marshall returned to America on the work of their committees.

Women Candidates.

Complete information on the women's vote and how it affected the recent election is still fragmentary. A few scattered items, however are obtainable.

Though Colorado went Republican Miss Inez Lewis Johnson, a Democrat was elected county superintendent of El Paso county. Another victory which the women claim was the election of Judge Ben Lindsay, who was returned to the juvenile court—the only Democrat elected in Denver.

The largest women vote in the history of Kansas was reported. Miss Miss Wooster showed approval of her stand against cigar smoking in the schools and the efficiency of the teaching force under her administration.

Four women, three Republicans and a Democrat, were elected to the Kansas legislature.

Minnesota showed a large female registration. The one woman candidate—on the Farmer-Labor ticket was defeated.

Democrats ran ten women for the New Hampshire legislature. Only one of these, Miss Mary Farnum, was elected Miss Jessie Doe a Republican was another successful candidate. To the New Jersey legislature will go Mrs. Margaret B. Laird and Mrs. Jennie Van Ness, both Republicans and both prominent suffragists.

Ohio counties elected three women to important offices. Miss Mary K. Davey was chosen prosecuting attorney of Hocking county, defeating her Democratic opponent by 170 votes. Miss Florence E. Allen was elected common pleas judge in Cuyahoga county, the largest county in Ohio, defeating the other candidate by more than 11,000 votes. Mrs. Abbie Nye Norton was elected probate judge in Lake county.

Women candidates for a few minor offices in South Dakota were successful.

The congress will also seek to bring about an improved standard of sportsmanship among hunters, fishermen and trappers and to take action looking toward a creation of a better understanding between farmers and sportsmen.

Local sportsmen may secure applications for tickets to the congress from R. H. Kingsbury, secretary of the Greene County Fish and Game Protective Association.

SCHOOL WEEK WILL
BE OBSERVED BY
LOCAL SCHOOLS

"School Week" will be observed by the schools of the entire nation, the week of December 5-11, for the purpose of acquainting the public with the needs of schools, and to increase appreciation of the value of education.

The result of the program will be greater interest of Americans in the better opportunities offered by American schools, and larger appropriations for schools and grades will be made, it is said.

"School Week" was set aside by the Commission of Education, and his request is that all schools, churches and other important organizations plan programs for the furthering of the work. Sunday December 5 will be given over to the churches and on that day all ministers will use that service for emphasizing the importance of education.

Professor Waltz reports that exercises will be featured in the local schools, and a faculty meeting will be held Monday evening at which plans will be made for program.

Friday afternoon and evening of "School Week" has been designated by the Commissioner of Education as the date on which community meetings in the interest of education will be held in all school houses, both in city and country.

Literature will be sent broadcast over the country by the officials and city and county superintendents have been requested to take similar action.

Shortly after the court was ordered, Commander Terhune committed suicide by shooting himself.

DAYTON KIWANIS
CLUB TO HOLD
MEETING IN XENIA

Agitation for the formation of a Kiwanis Club here will be crystallized it is thought, at a meeting and luncheon of the Dayton Kiwanis Club, which will be held at the Elk's Club here at noon Tuesday, at which time, local prospective members of Kiwanis, will be guests.

The members of the Dayton Kiwanis Club are expected to attend in a body, coming to this city in automobiles, and will probably have a parade preceding the luncheon. The luncheon, to which a number of local business and professional men have been invited will be held at 12 o'clock, and will be addressed by prominent members of the Dayton Club.

The Kiwanis Club, is an organization similar in policy to the Rotary and the Lions Club, but it differs from those clubs in that it will accept no members from each business or profession, whereas the others accept but one. Xenia is on the list of fifteen cities in Ohio where Kiwanis Clubs are to be formed.

EXPECT COUNTY
PROPERTY VALUATION
INCREASED GREATLY

County Auditors and tax specialists will receive their instructions regarding the reappraisal of property to be conducted this year, at a meeting which has been called for Dayton, next Friday, according to announcement received by County Auditor R. O. Wead.

A similar meeting was held about a year ago and was attended at the time by County Auditor Wead and Special Tax Deputy C. B. Mowrer, but after receiving instructions nothing further was heard of the reappraisal until the announcement which came the latter part of last week.

It is estimated that the property valuation in Greene County will be increased to almost \$50,000,000 by the new appraisal. The property valuation at present, based on the appraisal made in 1910, is \$30,379,830. The reappraisal, according to the authorities will mean a lower tax rate in the county, but will mean that just as much tax will be paid, as the property will be valued higher and the returns will be the same.

"Gentlemen—I am enclosing you herewith one dollar (\$1.00) for which please send me by mail at once a one-dollar sized package of Dr. Jackson's Digestive and Liver Powder.

"I have been troubled with a very severe attack of acute indigestion and super-acidity. Was so I could not hold even cold or hot water on my stomach. I treated with several of the best doctors in Cleveland before leaving there and used all kinds of digestive medicines to no avail. I finally went to the hospital and had a rectum made while taking a Bismuth meal, after a fast, and they said I had a growth in my stomach and that I would be dead in six weeks if I did not allow them to slash into me with a knife.

"I ran down from 148 pounds to 119 pounds and vomited up pure blood, etc., and after all this Dr. Jackson's Powder was recommended to me. I got a box of it and it gave me almost instant relief, and practically restored me to normal. After coming here I find that it is not carried in any of the Chicago drug stores, so I am sending you direct for I figure that through the mercy of God it has saved my life. I do most cheerfully recommend it to any and all who are suffering with any such ills as mine for it surely did wonders for me. You may use these statements as you see fit.

As this is the opening trap shoot to be held by the Country club much depends upon it and its success or failure will be watched with interest. There is an opportunity to have the matches held by the local registered which question will probably be taken up the day of the shoot.

It is thought that all shooting will be finished by four o'clock in the afternoon, Thursday.

MILLIONS IN CHINA DYING OF STARVATION—APPEAL FOR HELP.

"Though I speak with the tongues of men and of angels, and have not charity, I am become as sounding brass, or a tinkling cymbal. Charity suffereth long, and is kind; charity envieth not; charity vaunteth not itself, is not puffed up, doth not behave itself unseemly; seeketh not her own, is not easily provoked, thinketh no evil; rejoiceth not in iniquity, but rejoiceth in the truth."

As you undoubtedly are aware, some 40,000,000 people in the five North China provinces of Chihli, Shantung, Shansi, Honan, and Honan, are suffering from what is probably the worst famine in the history of the world. The nearest approach to the present situation was the famine in China which reached its crisis in 1878 and which resulted in several million deaths.

All the agencies of international relief in Peking are active. The United States has agreed, contingent on agreement by other nations to a temporary increase of ten per cent on customs duties to be applied through the Chinese government to relief measures. The American Red Cross has given \$500,000—all it has to give. These various efforts, however, are but a drop in the bucket of need and the government of China, remembering the aid given by American Christians to the Chinese people in other times of trouble through the medium of the Christian Herald, has urged it to collect what will be its fourth China Famine Fund.

After consultation with the State Department, the National Headquarters of the American Red Cross and the Chinese Legation in Washington, the Christian Herald has undertaken to provide the channel through which the money of the American people interested in the saving of hundreds of thousands of lives can be sent to the famine region.

All funds, by arrangement with Mr. Bainbridge Colby, Secretary of State, will be transmitted through State Department channels to the American diplomatic and consular officials in China to the order of the committee, and the distribution of the funds will be made by the committee acting in the fullest co-operation with all other relief agencies in order that there may be no duplication of effort and that the widest possible area may be reached.

We should all realize and ponder the extent of this frightful calamity, and in the spirit of the Good Samaritan should not "pass by on the other side." If able, the giving of \$1, \$10 or \$100 would greatly help. Obey the dictates of your conscience.

Make checks payable to "Christian Herald China Famine Fund." Address Christian Herald, Bible House, New York, N. Y.

ACCORDING TO THIS, IT LOOKS AS IF THE FARMER HAD STRUCK HIS "BLUE MONDAY."

With the farmer now getting about \$1.25 a bushel for wheat that was produced on the cost basis of two dollars a bushel, and with corn down to fifty cents a bushel, produced on a cost basis of three times that price; with cattle and hogs selling now on a basis of fifty cent corn, but fattened on \$1.50 corn, the farmers of this section of the country find themselves in anything but an encouraging situation.

Notwithstanding the general opinion that the last few years have been prosperous times for the farmers, and not denying the fact that there has been an unusual period of prosperity for the country in which the farmer undoubtedly has shared, still, it must be admitted that the middle Western farmers have been the victims of a combination of untoward circumstances.

When cotton and the products of the southern farmers were soaring skyward, blowing the cap off of all limitations, the wheat farmers through most of the first year of the war were restrained from any suspicion of profiteering through the legal limitation of a fixed price. Instead of obtaining three dollars a bushel for his wheat as he might have received in 1917, he received only two dollars a bushel, less whatever deductions the buyers could make through the grain grading systems. The farmer of the middle West could, in no possible way, be called a profiteer.

At a time when beef to the consumers was so high as to be almost prohibitive, the middle western farmer found bankruptcy in producing beef. This year when wheat was selling at \$2.50 a bushel, the farmer found a car shortage which made it impossible to market his grain, and when the car shortage eased up he found the bottom dropping out of the market.

Even now he finds himself in possession of a bumper corn crop, produced when corn was selling above \$1.50, but now down to fifty cents, and yet, for the harvest of the crop he is unable to secure labor at less than ten cents a bushel with "board and keep."

It is not the purpose here to point the remedy. The remedy has not been found. It is the purpose herein, however, to point out the facts as they pertain to the farm situation throughout this entire section—a situation which demands not only the concerted effort of the captains of finance to relieve, but the organized effort of bankers, business men and farmers to tide the farm industry over, through some method, until the clouds clear upon the financial horizon for the farmers.—Kansas City Star.

THE USUAL LUCK.

I bought a hundred-dollar suit, one day when I was feeling flush; and people said I looked the plute, arrayed in costly dark green plush. I proudly loafed around the town, and told how much my raiment cost, and then the price of clothes came down, and life became a killing frost. Then Jinks and Jimson fell in line, and so did Smith and Brown and Jones, and bought them suits the same as mine, and only dug up sixty bones. I to the tailor went, in tears, and handed him some hot abuse, whereat he smote me with his shears, and roundly soaked me with his goose. I bought a handsome limousine (and placed a mortgage on my shack), and it was painted Brewster green; two thousand plunks it set me back. Then for a week I rode around, inflated with a foolish pride, on vain and giddy errands bound; I gave her gas and let her slide. And then the price of cars was cut by makers who were fond of fun, and Johnson, Perkins and McNutt bought cars like mine for half the mon. And so no smiles my face bedeck, I spring no glad and joyous yips; I always get it in the neck when I go forth on shopping trips. No matter what I buy today, the price goes down tomorrow noon; then wiser shoppers go their way, and save the groat and picayune.

MARRIED MEN WIN FOOTBALL GAME BY 6 TO 0 SATURDAY

Whether married men make better football players, because they are used to fighting or whether it is only the big husky chaps who are courageous enough to enter the ranks of matrimony, is a question in point, following the defeat of the single men, former letter winners at Central High School, by the married men of like denomination by the score of 6-0 at Dodds gridiron Saturday afternoon.

It was a football battle supreme, and those who came to scoff in anticipation of a football face in four acts, remained in rapt attention before a real gridiron battle, that proved to be more of interest from the spectator's point of view than the majority of the moleskin contests that were staged here this year.

Old-time and hard-boiled fans who demand the best in action on the whitewashed checkerboard, were more than pleased with the exhibition of the autumnal sport put up by the players from opposite sides of the matrimonial fence. It is true there was some fumbling and no little mix ups due to wallowing around in the mire that coated the playing field, but withal, there was real tackling, real line charging and unconquerable alertness in the way of the open attack on the part of the both sides, that made the game a real example of football "as she should be."

It was the break in the game that spelled defeat for the bachelors early in the second half, after they had held the victims of the marriage god Hymen, through the opening two periods and forced the game into the married men's territory during all of that time. Early in the second half, after the single men had received Buck attempted a forward pass. Dr. George McClellan, recognized as captain of the 1914 eleven, intercepted the oval which was downed on the bachelor's 15 yard line. "Atlas" Smith, captain of the 15 team, charged off tackle for six yards and "Bill" Fisher, who played back in '15 and '14 tore off tackle for the remaining yardage and the initial and final touchdown of the game. "Atlas" Smith missed attempt at goal by inches.

The married men received to start the game, John Baldner, of the football team of 1919, catching the leather. Dr. C. H. Deniser, of the 1911 team, and later all-Ohio end at the University of Cincinnati, recovered a fumble for his team, but Captain Phil Buck of the single men and a former high school star recovered the pellet on the next fumble. "Atlas" Smith intercepted a forward pass, but "Bud" Snodgrass, of the 1913 team, and now on the Denison University squad, recovered a fumble for the bachelors a moment later. Unable to gain, Snodgrass attempted a drop from the 30-yard line, which missed the uprights.

The ball was in possession of the single men after receiving Smith's punt from the 20-yard line at the end of the first quarter. Buck punted to Confer, on the married men's five yard line. Smith's punt was blocked, but the married men recovered. Smith again punted and Snodgrass attempted another drop kick from the 25 yard line, which went wide. Confer returned the ball from the end zone to the 10 yard line and McClellan punted out of danger.

The single score in the second session has already been described. After the touchdown, the single men strove vainly to even the count, resorting to the open method in a great measure. Few passes were successful on either side however as the secondary defense of both teams was

alert on the aerial game, the leather was zigzagged much and saw-sawed some more in the third and fourth quarters, and as the game ended, the ball was in possession of the bachelors on benedict's 20-yard line. Possessing the advantage in weight and made up of former stars who were of first water in their school and college days, the fans gave much credit to the single men in holding their opponents to the score they did. It had been many years since a great many of the members of both teams had donned the moleskins to enter the fray and the exhibition of the sport that resulted was a revelation not only to onlookers but to the players themselves.

In a collection taken up before the game, about \$25 was realized which will be applied to the benefit of the high school athletic association. The lineup and summary: Bachelors (6) Snodgrass (6) Confer (6) Bell Geyer (6) Riddell Fuller (6) Milburn Purdom (6) Beals Shumaker (6) Hoag Deniser (6) Horen Baldner (6) Guilday Fisher (6) Currie McClellan (6) Tullis Smith (6) Buck Substitutions: Single Men—Sayre for Bell, Higgins for Riddell; Referee: Young; Headlinesman—Bales; Timers—Hamilton and Nisbet; Time of quarters—10 minutes.

SALE OF SEALS WILL START WEDNESDAY; LEADER APPOINTED

Mrs. James Wilson has been chosen by the Social Service League, as chairman of the committee in charge of the sale of the Tuberculosis Seals which will begin Wednesday December 1. The organization of her co-workers will be made by Mrs. Wilson on Tuesday, and the actual sale will begin on Wednesday.

The sale of the seals is a yearly campaign that has been staged by the Social Service League in several years past, and since the war, increased efforts are being made by the workers to help fight the dread disease.

The officials in the seal campaign have been notified by the American Legion and other large organizations of their support and Governor Cox says in regards to his indorsement of the campaign. "The records show that the number of deaths from tuberculosis last year was the smallest of any preceding year, and since the sale of the seals is one of the largest factors in the notable improvement in Ohio's health machinery, the drive has gained my entire support."

The Thanksgiving offering made at the Second U. P. Church at the Thanksgiving services held there totaled \$99.02. The money will be used by the Social Service League in aiding the poor of the city. Plans for a dinner for the poor children of Xenia are being made by the League, and will be made possible from the donations made by different citizens to the Social Service League.

THREE DAYS IN BED FROM HEADACHE COMMON THING FOR ALLIANCE MAN

Had very sluggish liver, was constipated and catarrh was so bad was growing deaf.

Declares Dresco has given great relief and never has a headache any more.

"It was a common happening for me to lay in bed three days at a time from headaches, unable to find relief." stated Mr. F. B. Hyatt, of Parkside Ave., Alliance, Ohio. "My liver was very sluggish so that dizzy spells hit me and I'd have to sit down right there, spots danced before my eyes. I had a vile taste in my mouth and my breath was foul. My bowels were bound up and I was so nervous I never got a good, sound sleep. "Reading so often in the paper about the great success of Dresco in such cases as my own, I began taking this great root and herb medicine and it has proven a grand blessing to me. "My liver has been worked off fine, bowels are regular every day. I haven't had a single headache since taking the first bottle of Dresco. I'm hearing is improved very much. Dresco is truly the great remedy every one declares it to be and I gladly add my words of praise for it." All good druggists now sell Dresco and it is being especially introduced in Xenia at Sohn's Drug Store.

GAMBLING HALL RAIDED BY BANDITS

Steubenville, Ohio, Nov. 29.—Ten highwaymen, nine of them with their faces painted like clowns, and the leader wearing a false face, entered a gambling room at Follansbee, W. Va., opposite this city at 3 o'clock yesterday and held up a score or more of men, robbing them of \$3,000 in cash, including the money in the "bank," and then pinned their victims up against the wall and stripped them of rings, watches, stickpins and other valuables worth \$5,000 or more.

One man who had just cashed in was reaching for \$1,000 in cash, his winnings, with the remark: "Well, I made a real cleaning tonight," when the door was opened and the robbers walked in.

The leader, who wore a devil's mask, heard the remark and, pointing his revolver at the man replied: "Well, we are here to clean the cleaners," and they did.

After taking everything of value from the players and the gambling room keeper, the men backed out, leaped into an auto and drove away. No trace of them has been found.

VALUE OF OHIO FARM CROPS HAS DECLINED IN YEAR

(Continued From Page One.)

eral bureau of agricultural statistics here.

It is roughly estimated that Ohio farmers market annually about 3,500,000 hogs, nearly 1,000,000 cattle and calves, 800,000 sheep and lambs and a vast quantity of poultry and eggs. Dairy products, alone, make up over one eighth of the farm income.

"Every drop of \$1 in the price per hundred weight, of hogs means a decreased return to Ohio farmers of over \$6,000,000 while a similar decline in cattle means a loss of from \$4,000,000 to \$5,000,000.

If livestock prices do not recover the effect upon at least the majority of Ohio farmers will be more serious than that occasioned by declines in grain prices.

"If prices recover, it will no doubt, enable many livestock producers to show a better balance on the credit side of the ledger than last year. This is true, particularly of cattle feeders, many of whom lost heavily from their feeding operations last winter.

"Generally speaking, the most important factor in the prosperity of the Ohio farmer during the coming year will be the prices he will obtain for his livestock and livestock products," concluded Mr. Callander. "Such prices will be the best barometer of his buying power."

Differences of opinion exist as to the cause, or causes, for the falling prices.

Some hold that declining quotations constitute an essential element of industrial readjustment, a necessary part of the process whereby the markets return to a normal basis, prices going back to the pre-war level.

Others, students of agricultural conditions, however, insist that one of the factors responsible for falling prices on grains and livestock is the lack of organization on the part of the farmers.

DAYTON POLICE ARREST YOUTH SUNDAY NIGHT

Frank Mills, 20, wanted by Dayton police since last July 6, on a charge in connection with the death of Roy N. Shay, Western Union Messenger boy, on that date, gave himself up to the authorities in Dayton at 12:30 o'clock Monday morning.

Mills arrived from Greenup county, Kentucky, where he said he had been staying for some time, on Sunday, and persuaded by his mother, signed a statement giving himself over voluntarily to Deputy Sheriff Harry J. Thompson. He denied that he had murdered Shay, however, but on cross-examination admitted that he had been at the Western Union office with the messenger late that night.

Shay left the Western Union office, on the night of July 6, by himself, but people who saw him later, said that another man was in his side car at the time. His body was found in a lonely spot the next morning, but the motorcycle was gone. The machine was found abandoned in Greenup county, Kentucky, by the sheriff there, and shipped to Dayton Saturday. It was still blood spattered, but no attempt had been made to efface marks of identification.

The charge of murder was filed against Mills following the confession of Frank Pastingel, who admitted he joined Mills late that night the latter driving a motorcycle answering the description. He said they went to Lancaster, where they helped effect the escape of Martin Wacker. Later the trio separated, Pastingel and Wacker returning to Dayton, where they were arrested and told their story. They were returned to the Boys' Industrial school.

Is It Yours

THIS IS THE BIRTHDAY OF
Sir Phillip Sydney

(November 29, 1554.)

Sir Phillip Sydney was poet, statesman and soldier, and one of the characters who played a large part in the history of England during the time of Good Queen Bess.

He was born in England in 1554, went through Oxford, and at the age of 18 he was living at Court and was much in favor with the Queen. He received the Queen's permission to travel abroad "for his attaining the knowledge of foreign tongues."

Abroad, he had many adventures. He was in Paris during the massacre of Saint Bartholomew. He met the famous Don Juan of Austria and William of Orange. He came home and was received with great favor by Queen Elizabeth.

He retired to his country estate, and began writing the work by which he was best known, "Arcadia," in order to amuse his sister. Meantime he had been engaged to Penelope Devereux. She was married against her will to another man, and though Sir Phillip had not cared for her particularly before, now that she was beyond his reach, he suddenly developed a mad passion for her which he celebrated in his "Sonnets to Stella."

Literature did not take up all his time. He became palatitally famous and fought valiantly both on land and sea. He owed his death to a caprice. His command went out to battle without any leg armour. Sydney cast aside his and was immediately struck with a bullet in the thigh, which proved fatal. He was only 32 years old and for some years had been one of the greatest men of England. His read.

REVIVAL SERVICES AT FRIENDS CHURCH OPEN ON SUNDAY

The revival services being conducted at the Friends Church opened Sunday, with large audiences both morning and evening.

The evangelist, Rev. C. E. Hawthorth, gave a forceful message at the morning service, based on the account in the First Kings, 18th Chapter concerning the test between the prophets of Baal and Elijah, the prophet of God. He stressed the necessity of giving allegiance to God who alone was able to answer by fire.

The evening sermon was a discourse on the three crosses of Calvary, contrasting the repentant and the unrepentant thieves. One young man came forward at the close of the evening service.

RECIPES.
Ham Omelette—One cup bread crumbs, milk enough to moisten crumbs; add yolks of two eggs, salt; fold in beaten whites with as little stirring as possible. Cut ham in small pieces and fry. Pour the omelette over ham in hot skillet. Stir slightly. Fry until nicely browned on both sides. For a change leave out the ham, frying the omelette in butter.

Nut Salad—One cup chopped nuts, one cup diced celery, two oranges (cut), two tablespoons of sugar, one teaspoon salt. Mix with mayonnaise. Serve in the half orange shells, using lettuce, endive, or celery leaves for decorative purposes.

Wheat Gems—To the beaten yolks of two eggs, add one cup of sweet milk, a piece of butter half the size of an egg (melted), two cups flour, one teaspoon baking powder, salt, add beaten whites of eggs. Beat mixture well. Bake in hot oven. Nuts make a pleasing addition to the above.

Tomato Jelly Salad—Tomato jelly salad is not hard to make, and is pretty and appetizing. Simply stew some tomatoes (which have been well seasoned with salt, pepper, bay leaf, onion and cloves un-

in the pulp is soft. Then strain, and to three cups of juice add two level teaspoons of gelatin, which has been softened in cold water. Mold and cut in cubes.
Place on lettuce and serve with mayonnaise. Add diced celery or nuts if desired.

Apple Sauce Cake—One cup applesauce, one teaspoon soda, one cup sugar, one-half cup seeded raisins, one-half cup butter, two cups flour, one teaspoon each of cinnamon, cloves and nutmeg. Cream butter and add sugar. Mix and sift flour and spices, reserving a little flour to mix with raisins, and add to first mixture. Add rais-

ins last.

One-Egg Doughnuts—One egg, one cup sugar, four teaspoons baking powder, one cup sweet milk, one tablespoon melted butter, one teaspoon salt.

Vegetable Souffle—One head cabbage, one quart tomatoes with juice, one large onion, one large green pepper, one-half pint sour milk or cream, two tablespoons cornstarch, one tablespoon butter, one teaspoon salt.

Cook the cut up cabbage and onion, with water to cover, until soft; drain off the water; add the chopped pepper and the tomatoes, mix the cornstarch with the sour milk, and add to the cooking mixture. Season with the salt and butter. Cook until mixture thickens. Serve hot. This makes a delicious and nourishing dish for a luncheon or supper. It is also quickly and easily prepared.

Baked Onions—Peel as many onions as required, and boil in salted water until tender, but not broken. MRS. STOWELL—NAN'S GOOD ANGEL
Chapter 25

What did Mrs. Stowell mean? I asked myself over and over as I put the dinner on the table and tried to keep my attention on what Dick was saying, but without success. She had said I must let her help me, that I should have pretty things, and that she would motor over in the morning.

Mingled with the feeling that perhaps in some way she was to be my good angel, was to get me out of my trouble, there was also a feeling of embarrassment—almost shame. What must she think of me? And would she blame Dick? I mustn't let her do that—if I could avoid it, because aside from not having money enough to do as I wished, Dick was awfully good to me.

I was feverishly anxious to get Dick started off in the morning. Not that I expected Mrs. Stowell so early but I wanted to have the work all done before she came—if she really did come which I hardly believed, much as I wanted to. Then too I had been afraid for some time that tradesmen would come early, purposely to catch Dick and ask for payment of their bills.

I put the flat in order, dressed Junior, then myself, I hated to have her find me in working clothes. Then I sat down to wait, too nervous to attempt sewing, altho I seldom was idle.

About 1 o'clock I heard the honk-honk of a motor. It was she. My heart beat so fast and my limbs trembled as I hurried to push the button that opened the street door. One of

the things of which I had become ashamed—that little click, click, click that told of the cheapness of my home.

"Good morning, my dear!" she said brightly from the second landing, as she stopped to rest a moment. I had gone out into the hall after opening the door for her and stood waiting, Junior in my arms. Then, "How's the baby?"

"He's wonderfully well!" I said as I placed a chair for her and noted with embarrassment that she laid her hand over her heart as if the climbing had been too much for her. "It was so good of you to come." In spite of my determination not to give way before her, tear rushed to my eyes.

"There! Don't feel badly any longer. You must let me be your banker. You must let me be your bank-see just where you stand."

"Oh, I couldn't think of doing such a thing!" I sobbed. "I couldn't repay you for ever and ever so long. Perhaps never. Then what would your husband think?"

"He won't think anything about it because he will know nothing about it. I have a little money of my own." "You must let me, my dear, I can afford it, and no one but we two will ever know. I have my own bank account. Mr. Stowell never questions me, or looks at it. Now run and get the bills—every one of them mind!"

I gathered the bills together from their various hiding places, and with hot cheeks and trembling hands I commenced to sort them and to put the amounts upon paper. Some of them were very small, others

loomed large to me; altho I knew before she spoke to me that she must seem ridiculous to Mrs. Stowell—they would perhaps be no more than the weekly bills of her establishment.

"You mustn't blame Dick," I replied to some remark she made. "My sickness cost more than we had planned, and I couldn't help getting in debt. But Dick is so funny about such things, he even went so far as to say he would do what Mr. Crawford did and advertise he wouldn't pay my bills if I had done as Mrs. Crawford had, and run in debt. Oh, I should die, if he did such a thing!"

"He won't because he never will know you were in debt. Then 'Let me see if you have added it correctly.' Yes, \$225.50. The very idea of your worrying your pretty little head over a trifle like that! You look half sick, and I believe it is because of these," she laid her hands on the pile of bills. "Are you sure this is all?"

"Yes, indeed." I had for the moment forgotten the things I had charged on Clara Watson's account but as they flashed over me, I knew I would not have the courage to confess them. Some way they would be harder to explain than the house bills.

Mrs. Stowell counted out \$250 from a roll which looked as if she had several times that sum. She laid it on the table and said:

"Get on your things and I will take you around to pay those bills, then for a ride in the park. Bring the baby. It will do him good. The air is delightful!"

Tomorrow—Even Mr. Stowell complains.
